To whom it may concern,

Last school year, we started a new program in Glen Rock, called *Pathways for Exceptional Children*. This is part of a larger initiative that had its roots in Montville, New Jersey and has now spread to other districts. Feel free to visit www.pathwayskids.org for more information. We are proud to be involved with this organization and are happy that the students in Glen Rock have embraced its possibilities. In essence, it is a program which trains **high schools students to work with children with disabilities**. In turn, they develop social opportunities for the children in town. We had many successful events last year (see below):

We plan to expand this program to **grades 3-6** this school year. If you would like more information or want your child included in our mailings, please contact John Arlotta at arlottaj@glenrocknj.org.

Sincerely,

John Arlotta
