NEW

After school activities that "spark" your child's curiosity. Space is limited. Enroll early.

Super Silly Science
Grades 2-4 $99 for 6 weeks
Science can be so much fun and that is what this class is all about. It's a hand's on class that will allow your child to experience the wonders of science in a fun, sometimes silly, but always educational way. We will spark your child's curiosity and imagination with experiments and activities that students observe, participate in and conduct themselves. There will be something new each week, as we get involved with magnetism, balloon magic, going green, glow-in-the-dark, color science, weather, slime and so much more. Join the fun as we venture into the wonderful world of science!
Susan Misrok
A materials fee of $20 will be due at the first class, payable to the instructor.
All classes meet from 3:30-4:30 p.m.
Session 1: Mondays, Feb. 25 to April 1, Byrd School
Session 2: Tuesdays, Feb. 26 to April 2, Hamilton School
Session 3: Wednesdays, Feb. 27 to April 3, Central School

Keyboarding for Children
Grades 3-5 $59 for 6 weeks
School children use computers practically every day, yet in today's world of handheld devices, it is very easy for them to develop bad keyboarding habits. This self-paced course will teach proper finger placement, memorization and navigation around the keyboard. Speed and accuracy will be measured in each lesson. Students previously enrolled in the fall session can continue to advance in this session.
Staff of PC Playhouse
All classes meet 3:30-4 p.m.
Session 3: Tuesdays, Feb. 26 to April 2, Byrd School
Session 4: Thursdays, Feb. 28 to April 4, Hamilton School
