## ACADEMIC HONESTY

Academic honesty promotes learning. Dishonesty interferes with it, therefore, students should submit work that is wholly and truly their own. Students who permit another student to commit academically dishonest acts are equally responsible. The penalty for academic dishonesty is a zero or failure for the piece of work and a required parent meeting.

Academic dishonesty includes but is not limited to:

- Copying another student's homework, term papers and/or tests.
- Plagiarism which occurs when students write other people's words or ideas without citing their source. (Many teachers employ anti-plagiarism software.)
- Using others' research without attributing the source. This includes on-line research.
- Using crib sheets, note cards, or other means of prompting memory on a test.
- Using Internet sources without proper citation.

## ACADEMIC HONOR ROLLS

- **High Honor Roll.** A student shall be placed on the High Honor Roll upon achievement of a grade of A- in all subject areas except one, and that grade shall be no less than B-.
- **Honor Roll.** A student shall be placed on the Honor Roll upon achievement of a grade of A- in at least one subject area and B- in all other subject areas. No grade shall be less than B-.

A student must receive a passing grade, D- or above, in Physical Education/Health. Honor Roll lists are posted in the school.

## ACCEPTABLE USE OF COMPUTER NETWORK/COMPUTERS AND RESOURCES

Students are responsible for good behavior on computer networks/computers, just as they are in a classroom or a school hallway. Communications on the computer network/computers are often public in nature. Policies and Regulations governing behavior and communications apply. The school district's networks, Internet access and computers are provided for students to conduct research and communicate with others. Access to computer network services/computers is given to students who agree to act in a considerate and responsible manner. Parent permission is required.

Network access is a privilege, not a right. Access entails responsibility. Individual users of the district computer network/computers are responsible for their behavior and communications over the computer network/computers. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for the actions of individuals utilizing the computer network/computers who violate the policies and regulations of the Board.

Computer network/computer storage areas shall be treated in the same manner as other school storage facilities. Computer network/computer administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media. Behavior including but not limited to the following are prohibited:

- Sending or displaying offensive messages or pictures;
- Using obscene language and/or accessing visual depictions that are obscene as defined in section 1460 of Title 18, United States Code;
- Using or accessing visual depictions that are child pornography, as defined in section 2256 of Title

- 18, United States Code;
- Using or accessing visual depictions that are harmful to minors including any pictures, images, graphic image file or other visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
  - Depicts, describes, or represents in a patently offensive way, with respect to what is suitable for minors, sexual acts or conduct; or taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
  - Harassing, insulting or attacking others;
  - Damaging computers, computer systems or computer network/computers;
  - Violating copyright laws;
  - Using another's password;
  - Trespassing in another's folders, work or files;
  - Intentionally wasting limited resources;
  - Employing the network/computers for commercial purposes; and/or
  - Engaging in other activities that do not advance the educational purposes for which computer network/computers are provided.

Any violation of the above will result in loss of computer/Internet privileges and disciplinary action as deemed necessary by the administration.

### **Information Content and Uses Of The System**

Users agree not to publish on or over the system any information which violates or infringes upon the rights of any other person or any information which would be abusive, profane or sexually offensive to an average person, or which, without the approval of the system administrators, contains any advertising or any solicitation of other members to use goods or services. The user agrees not to use the facilities and capabilities of the system to conduct any business or solicit the performance of any activity, which is prohibited by law.

Because the school district provides, through connection to the Internet, access to other computer systems around the world, students and their parent(s) or legal guardian(s) understand that the Board and system administrators have no control over content. While most of the content available on the Internet is innocuous and much of it a valuable educational resource, some objectionable material exists. The Board will provide student access to Internet resources only in supervised environments and has taken steps to lock out objectionable areas to the extent possible, but potential dangers remain. students and their parent(s) or legal guardian(s) are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material.

The Board and the system administrators do not condone the use of such materials and do not permit usage of such materials in the school environment. Parent(s) or legal guardian(s) having accounts on the system should be aware of the existence of such materials and monitor home usage of the school district computer network. students knowingly bringing such materials into the school environment will be disciplined in accordance with Board policies and regulations and such activities may result in termination of such student's accounts on the computer network and their independent use of computers.

### **Online Conduct**

Any action by a student or other user of the school district's computer network/computers that is determined by a system administrator to constitute an inappropriate use of computer network/computers resources or to improperly restrict or inhibit other members from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending member's account and other action in compliance with the Board policy and regulation. The user specifically agrees not to submit, publish, or display any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material; nor shall a user encourage the use, sale, or

distribution of controlled substances. Transmission of material, information or software in violation of any local, state or federal law is also prohibited and is a breach of the Consent and Waiver Agreement.

Users and their parent(s) or legal guardian(s) specifically agree to indemnify the Passaic County Technical Institute and the system administrators for any losses, costs, or damages, including reasonable attorney's fees incurred by the Board relating to, or arising out of any breach of this section by the user. Computer network/computer resources are to be used by the user for his/her educational use only; commercial uses are strictly prohibited.

### **Software Libraries On The Network**

Software libraries on the network are provided to students as an educational resource. No student may install, upload, or download software without the expressed consent of the system administrator. The system administrators, at their sole discretion, reserve the rights to refuse posting of files and to remove files. The system administrators, at their sole discretion, further reserve the right to immediately limit usage or terminate the account or take other action consistent with the Board's policies and regulations of a member who misuses the software libraries.

### **Real-Time, Interactive, Communication Areas**

The system administrators, at their sole discretion, reserve the right to monitor and immediately limit the use of the computer network/computers or terminate the account of a member who misuses real-time conference features (talk/chat/Internet relay chat).

### **Email**

All messages sent and received on the school district computer network must have an educational purpose and are subject to review. The Board reserves the right to cooperate fully with local, state, or federal officials in any investigation concerning or relating to any Email transmitted on the school district computer networks or computers.

### **Security**

Security on any computer system is a high priority, especially when the system involves many users. Passwords to the system should not be easily guessable by others, nor should they be words, which could be found in a dictionary. Students should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any student identified as a security risk will have limitations placed on usage of the computer network/computers or may be terminated as a user and be subject to other disciplinary action.

### **Vandalism**

Vandalism will result in cancellation of system privileges and other disciplinary measures in compliance with the District's discipline code. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the system, or any of the agencies or other network/computers that are connected to the Internet backbone or of doing intentional damage to hardware or software on the system.

### **Printing**

The printing facilities of the computer network/computers should be used judiciously. Printing for other than educational purposes is prohibited. Cloud printing is available with the use of student ID numbers to maintain confidentiality to release print jobs.

### **Violations**

Violations of the Acceptable Use of Computer Network/Computers and Resources may result in a loss of access as well as other disciplinary or legal action. Disciplinary action shall be taken as indicated in Policy and Regulation No. 2361, Acceptable Use of Computer Network/Computers and Resources, No. 5600, student Discipline, No. 5610, Suspension and No. 5620, Expulsion as well as possible legal action and reports to the legal authorities and entities.

### **Determination Of Consequences For Violations**

The particular consequences for violations of this policy shall be determined by the Technology Department Manager in matters relating to the use of computer networks/computers and by the Principal in matters of school suspension. The Superintendent or designee and the Board shall determine when school expulsion and/or legal action or actions by the authorities are the appropriate course of action.

Individuals violating this policy shall be subject to the consequences as indicated in Regulation No. 2361 and other appropriate discipline, which includes but are not limited to:

- Use of Computer Network/Computers only under direct supervision;
- Suspension of network privileges;
- Revocation of network privileges;
- Suspension of computer privileges;
- Revocation of computer privileges;
- Suspension from school;
- Expulsion from school; and/or legal action and prosecution by the authorities.

### **ACTIVITY PERIOD**

Activity Period begins after conclusion of the school day and is used for:

- Extra Help
- Club, Student Activity, Student Organization meetings, rehearsals, or gatherings
- The library is open during this time for guided research and reading. High school hosts additional research hours on Tuesday and Thursday evenings.
- Adjustments to the after school schedule will be announced on the public address system.
- Locker rooms will not be opened for students to dress for interscholastic programs prior to 3:00 pm. Exceptions will be made when necessary for away games.

### **ADVANCED PLACEMENT PROGRAM**

The Advanced Placement (AP) Program is a cooperative educational endeavor sponsored by the College Board. Based on the fact that many young people can, with profit and delight, complete college-level studies in their secondary schools, it represents a desire of schools and colleges to foster such experiences. Like other College Board programs, this program is national. Its policies are determined by representatives of member institutions, and its operational services are provided by Educational Testing Services.

Advanced Placement serves three groups: students who wish to pursue college level studies while still in secondary school, schools that desire to offer these opportunities, and colleges that wish to encourage and recognize such achievement. It achieves these goals by providing practical descriptions of college-level courses to interested schools and the results of examinations based on these descriptions to the colleges of the students' choice. Participating colleges, in turn, grant credit and appropriate placement, or one of these, to students who have done well on the examination. Thus, the Advanced Placement Program is an instrument of cooperation that extends the educational opportunities available to students by effectively relating college-level courses at thousands of schools to appropriate credit and placement at the colleges that the students eventually attend.

### **Criteria for enrollment into an Advanced Placement course**

- Overall student competency will be evaluated through multiple measures, based on department-generated rubrics.
- Grade averages from the previous years will be considered.
- Prerequisite classes for each AP course will be defined and required.
- Students requesting an AP course will be required to present a recommendation from the prerequisite course teacher, complete a written application, and fulfill the summer reading requirements for the course.

- Appeals of all AP decisions must be submitted according to the guidelines and timeframes set forth by the High School Principal..

### **AFFIRMATIVE ACTION**

It is the policy of the Glen Rock School District not to discriminate on the basis of race, color, creed, religion, sex, ancestry, and national origin, social or economic status in its educational programs or activities and employment policies as is required by Title IX of the Educational Amendments of 1972. To report violations of Title IX, please contact our Affirmative Action Officer, at 445-7700, extension 8949.

### **ATTENDANCE**

The Glen Rock High School staff is committed to students attending school for 180 days and being present in every class. Our work is accomplished only when we all share the commitment to 100% attendance. Knowing that parents share our concerns about attendance, we advise parents by telephone or letter if their children’s attendance record falls short of our expectations.

To participate in any athletic competition or extra-curricular activity or event, students must be present for a minimum of four school hours. Students assigned to ISS or OSS are not eligible to participate in practices or competitions until the assigned ISS or OSS is fulfilled. Participation in athletic competition or an extra-curricular activity or event is a privilege and may be revoked due to egregious behavior or poor attendance.

“Attendance” is a student’s presence in school and in the classroom/room to which he/she is assigned at the times scheduled for instruction or other school activities.

- A student will be considered to have attended school for the school day if he/she has been present at least four hours during the school day. However, the student will be counted as absent for any scheduled classes the student misses.
- A student not present in school because of his/her participation in an approved school activity (such as a field trip or athletic competition) will be in attendance.

Daily attendance in all classes is vital for the successful completion of the course requirements of Glen Rock High School. The exchange of ideas which takes place in the classroom is crucial in the development of a student’s understanding of each course and cannot be adequately “made up” through alternative assignments. Please adhere to our Attendance Policy (5113). Please be sure that you note that any student who is absent 16 or more times, regardless of reason, for a full year course, may be denied credit. Tardiness to school can also contribute to credit denial

### **Absences**

A student is absent when he/she is recorded absent from assigned classes. Parents must call the Attendance Office by 9:00 am in the morning to report the reasons for, and the expected duration of, the student’s absence. The parent’s call to the school regarding their child’s absence does not excuse the absence with regards to the attendance policy; the phone call is to inform the school of the student’s whereabouts. If no call is received from the parent, the school will attempt to call the parent. Please call the school at 201-445-7700, press 1, and then leave a message. In the appendix of the Student Calendar/Handbook and in the agenda there is a form which student and parent should use to record each absence. The family record will be verified in the Attendance Office if an attendance appeal is planned. If a student is absent for multiple days and contact to the family has failed, a truancy officer may be called to ensure the student’s whereabouts/safety..

### **Absences Categories**

Approved Absence [labeled as Excused in the Genesis Parent Portal]:

- Religious observance as per NJ State Religious Holiday Calendar

- College visits, up to three per year (juniors and seniors). A note from each college's admissions office must be submitted to the attendance office within five (5) days of the visit. Notes received after the five (5) day period will not be accepted.
- Driver's test. Students need to present the MVC paperwork or new license upon returning to school.
- Family funeral
- Attendance at a school-sponsored event: field trip, NJSIAA activity, alternative educational program, scheduled guidance appointment, etc.

Counted Absence [labeled as Absent in the Genesis Parent Portal]: Examples include but are not limited to the following:

- Dismissal via school nurse
- Family obligation
- Family vacation
- Employment
- Any absence due to a "cut" (forfeits right to an appeal)
- Any absence due to an illness or medical condition with a doctor's note
- Medical appointments

### **ABSENCE NOTES**

Notes do not waive absences and are required to verify the student's location so that they are not considered truant. An absence note written by a parent/guardian only should be presented to the Nurse's Office before 7:45 a.m. on the day the student returns to school.

The absence note must contain:

- Name of student
- Date or dates of absence
- Reasons for absence containing substantive data pertinent to the absence.
- Additionally, any time a student is signed out of school during the school day a note must be submitted upon return (i.e., a student attending a dental appointment must sign back into school and present a note from the dentist.)
- Notes do not excuse an absence. They are intended to inform the school of the student's whereabouts.

### **Cuts**

A cut is defined as:

- Being present in the school building but failing to report for instruction, without the specific approval of certificated personnel, in the period and classroom assigned.
- When a student leaves the building during the instructional day, without specific approval. Students leaving the building without permission are considered truant.
- Being out of class for twenty minutes or more without the proper permission.
- Arriving twenty or minutes later to class.
- Failure to report for instruction in the assigned period and classroom as a result of being tardy to school without a proper excuse is an unexcused absence and may be considered a cut.
- Classes missed because a student is truant are classified as cuts.
- Senior cut day is not approved/condoned by the high school administration.

### **Medical Absence Notes**

Notes from a doctor need to include a specific diagnosis and are to be given to the school nurse AND attendance office within five (5) days of the absence. .

### **Attendance Review Procedure**

According to our Attendance Regulation, all absences are recorded in the student's attendance record. A student whose absences meet 16 days of the scheduled classes for each course may be denied credit for

the course. Loss of credit will occur in all cases when a student has attained the following absences unless he or she successfully appeals the loss of credit:

- 4 absences in a one marking period course, i.e., health
- 12 absences in a three marking period course, i.e., physical education
- 8 absences in a one semester course
- 16 absences in a full year course
- Students who enter school later in the school year will have their attendance policy
- prorated by the assistant principal.

If a student has met or exceeded these limits, the student can complete an attendance appeal form within fourteen (14) days of notification. If a student has cut classes, the Attendance Review Committee will automatically deny the appeal. The attendance office and the administration will not provide a calendar of school absences to the parents or students.

### Truancy

Truancy occurs when a parent, guardian, or other person having charge of the student is unable to cause him/her to attend school and when a student is incorrigible or vagrant (see N.J. 18A:38-27). Truancy may result in out of school or in school suspension as well as judicial action. Underclass students who leave the school during lunch period without permission from the school or at any time without permission from the school are considered truant. **Students who accumulate 4 cuts in a given period will receive a loss of credit for the period affected.**

To do this, students must report on time to each class and must arrive with the necessary materials required by the teacher. If a student arrives tardy to class, the student should obtain a Late Pass from the person who detained him/her. (See Lateness.)

## CODE OF CONDUCT

Behavior that is disruptive or inappropriate to the well-being of an individual or group in a school requires disciplinary measures to help foster the development of self-discipline on the part of the student. We, the members of the Glen Rock School community, students, parents, and educators believe that every child must be given full opportunity consistent with the safety and well-being of other students and faculty, to acquire a positive personal code of behavior through instruction, example, and experience.

Behavior that is disruptive or inappropriate may result in disciplinary action. Disciplinary procedures describe the consequences of such behavior. Expectations for student behavior and disciplinary procedures emanate from a district-wide philosophy.

The student behavior expectations listed below interpret Board of Education policy and philosophy established to ensure the orderly operation of the Glen Rock schools.

### **COLLEGE-WIDE DUAL-ENROLLMENT PROGRAM**

The College-Wide Dual-Enrollment Program is designed to give high school students the opportunity to earn college credits during their high school years. ### **CRISIS REFERRAL**

Students with concerns about a fellow student should contact any school faculty member with their concern as soon as possible. Concerns can also be reported anonymously through this [online form](#).

### **CUSTODIAL RIGHTS**

The law establishes the presumption that both parents share equally in the care and responsibility of their children, N.J.S.A. 9:2-4. The high school administration is justified in presuming, therefore, in the absence of notice to the contrary, that each natural or adoptive parent of a child has equal rights and responsibilities. We cannot presume as school officials that one parent or the other has been granted custody or that another custodial arrangement forecloses the rights of the non-custodial parent. We require that the parent who has assumed sole custody of the child bear the burden of rebutting the assumption established above. Please bring this information to the attention of the Principal's office with all necessary supporting documentation as soon as possible.

## **DETENTIONS**

Detentions assigned by school officials must be served on the dates assigned by the School Staff and Administration. Every attempt will be made to notify a parent whenever their child receives any disciplinary measures (detentions or suspensions). Failure to appear at an assigned detention shall result in a doubling of the consequence on the first offense. On the second offense a parent notification, possible parent meeting and in-school suspension will follow as consequence.

## **DRESS CODE**

Board regulation 5132 prohibits dress or grooming which:

- Presents health/safety hazards to the student or to others in the school.

Students who are not in compliance with the dress code will be asked to obtain appropriate clothing at once. Further infractions will result in student being sent home to change and/or disciplinary action

## **DRIVING TO SCHOOL**

Students are discouraged from driving to school because of the possible danger to younger students and the lack of adequate parking facilities on school grounds. Students are not permitted to park in the school parking lots during the school day (7:00 am to 3:30 pm). All spaces are reserved for school personnel, delivery services and official visitors. Students' cars that are illegally parked will be ticketed and/or towed away. Students will also receive disciplinary action from the administration.

## **DRUG FREE SCHOOL ZONES**

The Board of Education recognizes that in our society misuse of drugs is a frequently occurring situation and a serious social and health problem with implications for the entire school community. Drugs and alcohol interfere with the educational process, and so it is the philosophy and policy of the Board to prevent and control the use/abuse of drugs on the campus and at all times when students are under the jurisdiction of the school.

The Glen Rock Board of Education recognizes its responsibility to ensure the continuing cooperation between school staff and the law enforcement authorities in all matters relating to the use, possession and distribution of dangerous controlled substances and drug paraphernalia on school property. The Board therefore, has established a formal Memorandum of Agreement with the appropriate law enforcement authorities and set forth policies and procedures after consultation with the County Prosecutor and approval by the County Superintendent of Schools. The Memorandum of Agreement shall be consistent with the School Zone Enforcement Code (N.J.A.C. 6:3-6:1-6:6), Statewide Action Plan for Narcotics Enforcement and the Attorney General's Executive Directive 1988/1. From time to time, the Bergen County K-9 unit may be called to search the school for drugs, weapons, etc.

The board of education prohibits acts of harassment, intimidation, or bullying. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate in a safe environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

students are expected to behave in a manner that creates a supportive learning environment for themselves and others. The board believes the best discipline is self-imposed, and it is the responsibility of school district staff to use disciplinary situations as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply the best practices designed to prevent discipline problems and to encourage students' abilities to grow in self-discipline.

### **Response to Incident of Harassment: Intimidation or Bullying**

Some acts of harassment, intimidation, or bullying may be isolated incidents requiring the school respond appropriately to the individual(s) committing the acts. Other acts may be so serious or part of a larger pattern of harassment, intimidation or bullying that require a response either at the classroom, school building, school district level, or by law enforcement officials. The range of ways to respond to an incident shall be defined by the principal in conjunction with the school anti bullying specialist, but shall include an appropriate combination of counseling, support services, intervention services, and other programs, as defined by the commissioner. Consequences and appropriate remedial actions for students who commit an act of harassment, intimidation, or bullying range from positive behavior interventions up to and including suspension or expulsion, as permitted under New Jersey statute and code.

### **Discipline of students**

For every incident of HIB, the school officials must respond appropriately to the individual or individuals who committed the act. The range of responses to confirmed harassment, intimidation and bullying acts should include individual, classroom, school or district responses, as appropriate to the findings from each incident.

- Individual responses may include positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) and punitive actions (e.g., detention, in-school or out-of-school suspension, expulsion, law enforcement report or other legal action).
- Classroom responses may include class discussions about an incident of HIB, role plays, research projects, observing and discussing audio-visual materials on these subjects and skill-building lessons in courtesy, tolerance, assertiveness and conflict management.
- School responses may include theme days, learning station programs, parent programs and information disseminated to students and parents, such as fact sheets or newsletters explaining acceptable uses of electronic and wireless communication devices or strategies for fostering expected student behavior.
- District-wide responses may include community involvement in policy review and development, professional development programs, adoption of curricula and school-wide programs, coordination with community-based organizations (e.g., mental health, health services, health facilities, law enforcement officials, faith-based organizations) and disseminating information on the core ethical values adopted by the district board of education's code of student conduct.

In considering whether a response beyond the individual level is appropriate, the administrator will consider the nature and circumstances of the act, the level of harm, the nature of the behavior, past incidences, past or continuing patterns of behavior, and the context in which the alleged incident(s) occurred.

In all instances, the district shall respond in a manner that provides relief to victims and does not stigmatize victims or further their sense of persecution. In providing support for the victims of harassment, intimidation and bullying the district may provide:

- Counseling;
- Teacher aides;
- Hallway and playground monitors;
- Schedule changes;

The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the principal or his/her designee after consideration of the nature and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures. Acts of reprisal or retaliation can have a chilling effect on a school environment and can create an atmosphere where alleged violations of this policy are not reported. It is important to establish and maintain the norm that all suspected acts of reprisal or retaliation are taken seriously and appropriate responses are made, in accordance with the totality of the circumstances. Inconsistent applications of appropriate responses to acts of reprisal or retaliation can contribute to the culture of violence that this policy is intended to prevent.

### **Consequences for False Accusation**

Consequences and appropriate remedial action for a student found to have falsely accused another person as a means of harassment, intimidation, or bullying range from positive behavioral intervention up to and including suspension or expulsion, as permitted under New Jersey statute and code.

Consequences and appropriate remedial action for a school employee found to have falsely accused another person as a means of harassment, intimidation or bullying shall be disciplined in accordance with district policies and procedures.

Consequences and appropriate remedial action for a visitor or volunteer, found to have falsely accused another person as a means of harassment, intimidation, or bullying shall be determined by the principal or his/her designee, after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

### **Classified students and HIB**

Classified students are subject to the same disciplinary procedures as nondisabled students and may be disciplined in accordance with their IEP. However, before disciplining a classified student, it must be determined that:

- The student's behavior is not primarily caused by his/her educational disability;
- The program that is being provided meets the student's needs.

## GRADING SYSTEM

The grading system consists of thirteen letter grades:

A+ A A- B+ B B- C+ C C- D+ D D- F

The following percentage equivalents apply in every department.:

A+ 97 and up	B+ 87 – 89	C+ 77 – 79	D+ 67 – 69

A- 90 – 92	B- 80 – 82	C- 70 – 72	D- 60 – 62
			F 59 and below

For the purpose of computing Grade Point Average (GPA), the following grade point average equivalents shall apply:

A+ 4.3	B+ 3.3	C+ 2.3	D+ 1.3	F 0.0
A 4.0	B 3.0	C 2.0	D 1.0	
A- 3.7	B- 2.7	C- 1.7	D- 0.7	

Full year courses which are “officially” designated as Honors (H) will receive an additional weighting of 0.3 to the final Weighted Grade Point Average. Advanced Placement (AP) courses will receive an additional weighting of 0.5. Tenth grade Level I courses, designated Advanced, receive no additional weighting. Phys. Ed/Health and Math & Language Arts Review are not included in the GPA calculation. Glen Rock High School does not report class rank. A valedictorian and salutatorian are chosen based upon their weighted GPA after their first seven semesters of high school.

### Calculation Scale For Numeric Grade Points To Letter Grades

A+	4.15 – 4.300
A	3.85 – 4.149
A-	3.50 – 3.849
B+	3.15 – 3.499

### Determination of final grades

Semester course final exams equal 20% of the grade for the course. Each quarter grade equals 40% of the grade for the course, or: 40% + 40% + 20% = 100 % of the final grade. Full year course mid-year (January) exams equal 10% of the grade for the course. Final (June) exams equal 10% of the grade for the course, and each quarter grade equals 20% of the grade for the course, or: 20% + 20% + 10% + 20% + 20% + 10 = 100% of the final grade.

Seniors with an A- or better in each of the first three marking periods and an A- or above average by June 1 in the 4<sup>th</sup> marking period are exempt from final exams.

It is expected that a student's full commitment to an Advanced Placement Program includes taking the Advanced Placement examination in May; however, any student who does not take the AP exam is required to take an equivalent final examination in June, which will be factored into the final grade for the year. There are no exemptions for semester classes.

### **Procedures for questions regarding grades**

A student will request a meeting with the teacher to discuss the grade(s) in question. If the problem is not resolved at this level, the student will request in writing a meeting with the teacher and the department leader. If deemed appropriate, the school counselor and parents may attend. The department leader will mediate the problem. In the event that the question is not resolved at this level, the student may appeal to the principal, or his designees, who will review the situation with all parties involved and render a decision. Questions or challenges must be timely to be relevant; therefore, no question about or challenge to an assigned grade may be made after the end of the marking period following the marking period in which the grade was assigned. Challenges to final grades must be made by September 10 of the following school year.

### **Incompletes**

If, because of a legitimate reason, a student fails to complete all the major assignments for the marking period (quarter), the student will, regardless of the other grades accrued during the marking period, be assigned a grade of incomplete (I) by the teacher. The student will be given ten (10) school days from the close of the marking period to submit the work or to take the required test(s) and then receive a grade for the marking period. If the student fails to submit the required work within the ten school day period, the grade of F (failure) will be assigned for this work, and it will be averaged with the other grades earned for the marking period.

### **GRIEVANCES**

The Board of Education has established a policy, which recognizes the rights of students, parents, and citizens to grieve educational and/or administrative issues relating to the public schools. Briefly, our grievance procedure follows these steps:

1. Grievant will attempt to resolve any problem with the staff member and his/her supervisor through a formal conference. If the problem is not resolved, then a formal grievance procedure begins at Step 2.
2. The matter will be reported to the Principal who will take reasonable and prudent steps to resolve the complaint. A conference will be held between the school principal and the grievant.
3. If the problem is not resolved with the Principal, the grievant may request a conference with the Superintendent of Schools.
4. If grievance is still unresolved after a meeting with the Superintendent of Schools, the grievant may request a hearing with the Board of Education. In some cases, it may be necessary to include a meeting with the affirmative action officer. Also, there may be other instances where issues arise, which cannot be resolved at the district level and may include an appeal to the Commissioner of Education.

If your issue concerns personnel, academic program or other district issues, please address your complaint to the chief school administrator.

If your issue deals with the board or board actions, please address your complaint to the board secretary.

Prior to submitting a written complaint concerning a teacher, coach, administrator or other member of the district's staff, we recommend that you meet with the individual who is the subject of the complaint to discuss your concerns. If not satisfied with the results of that meeting, you should submit the attached form in order to set up a meeting with the individual's supervisor and /or the building principal.

We are interested in promptly addressing your concerns and request that you submit your written complaint form within 14 days of your initial meeting with the individual concerned so that your issue may be handled in an expeditious manner. District personnel will review your complaint and someone will seek to contact you within 10 school days of the receipt of the complaint

### **HOMWORK**

Homework is an integral part of the curriculum. It is, therefore, understood that homework will be assigned regularly in most subject areas. It is every student's responsibility to complete the required assignments according to the teacher's directions. Assignments and updates may be found on individual teacher's websites. When absent, students are encouraged to check teacher Schoology pages to be proactive in making up work missed.

### **HOMWORK REQUESTS**

Parents may request that homework be sent home if:

- A student has been absent for at least two consecutive days.
- A long-term absence is expected. For example, chicken pox.
- To request homework, a parent should contact the Counseling Office and give the student's name, grade level, and anticipated dates of the absence. A Homework Request Form will be sent to the student's teachers. Expect a minimum of 24 hours turnaround time for the homework assignments to reach the Counseling Office.

### **HOME INSTRUCTION**

**ELIGIBILITY** – A student confined to home or hospital for physical and/or psychiatric reasons for a period of not less than two weeks is eligible for Home Instruction. To initiate an application for Home Instruction, please call your child's school counselor.

**PROCEDURE** – Applications for Home Instruction must be accompanied by a physician's note that indicates the rationale for home instruction, or by a Child Study Team recommendation.

1. The identified Home Instruction Teacher reports to the school to obtain material and assignments for instruction. Students are entitled to a minimum of five hours of instruction per week, in no less than three daily visits per week.
2. The Home Instruction Teacher is responsible for remaining in touch with the regular teacher(s) for assignments and continuity.
3. Home Instruction Teacher will only go to homes in which a responsible adult is present during the period of instruction.
4. Students confined to Valley Hospital may receive instruction from our Home Instructional Staff.
5. Should a student be confined to another out of town hospital, our Central Office can arrange for the school system in that town to provide instruction. Please call the Central Office at 445-7700, ext. 8950.

It is the parent's responsibility to pick up the homework assignments and any necessary textbooks. The student's school counselor will leave assignments in the Main Office.

### **IN-SCHOOL SUSPENSION**

In-School Suspension will be held in the high school section of the media center. A teacher will be assigned to sit with the student(s) during each period. The student's class work shall be provided by their classroom teachers. The school expects all assigned work completed by the student during the suspension period. Students will be permitted to purchase lunch in the cafeteria. Students will not be permitted to participate in sports or club activities on days of suspension.

### **JUNIOR AND SENIOR LUNCH PRIVILEGE**

Juniors and Seniors are offered the privilege of leaving school grounds during their lunch period or when Option is during the following blocks: 1<sup>st</sup> block, block before lunch, block after lunch, or last block of the

day. At no other time may a junior/senior leave campus with parental/guardian notification and permission from the Assistant Principal or the appropriate designee.

(When Option periods falls during a middle block of morning or afternoon) During option time, juniors and seniors are expected to report to the option time teacher. The teacher will take attendance. Juniors and seniors may then sign out to the media center, the courtyard or to an appropriate area of the building. Before leaving, juniors and seniors must inform the option time teacher of their destination. Juniors and seniors must remain at the destination to which they sign out for the duration of option time, then return at the end of the period to sign into the option time site. Students who do not abide by these rules will lose option time privileges. A student who is going to another teacher for extra help must present the option teacher a note from the teacher providing the help before leaving option.

## **LAPTOPS (SCHOOL-ISSUED LAPTOP)**

### **Access to Internet Material**

In accordance with the “Children’s Internet Protection Act” (CIPA), GRPS will use appropriate filtering measures to limit the exposure of students to indecent or objectionable material on the Internet while the device is connected to the school network. Furthermore, District staff will monitor student use of the device while on campus and provide guidance in the appropriate use of the device and the access to the global Internet. Parents/guardians agree to monitor the student use of the device while off campus and are encouraged to establish rules of usage with the student.

### **Bringing the School-Issued Laptop to School**

It is imperative that students bring their School-issued laptops and charging unit to school each day for their learning. Teachers will be designing their lessons and classrooms based on students having access to their School-issued laptop. The School-issued laptop must be kept in the carrying bag at all times when it is not being used.

### **Charging of School-Issued Laptops**

It is the students’ responsibility to have their School-issued laptops charged each day when they come to school. During a normal school day, a typical School-issued laptop fully charged (through a normal electrical outlet) can be used the entire day for classes with no additional charging required. The school cannot allow “one student” to charge a School-issued laptop during class due to the disruption to the learning environment that this may cause. If a student comes to class with a School-issued laptop that is not charged, specific academic consequences may occur for the student. Establish a routine at home for the charging of the School-issued laptop so that it can charge overnight. The charging time of the School-issued laptop and responsibility is very similar to the charging of a cell phone.

### **School-Issued Laptop Bags**

Each student is given a School-issued laptop bag that they are required to use to carry their School-issued laptop in during the school day and outside of school. It is specially designed for the School-issued laptop that students are using. It is important to keep the bag clean, and take time to remove any items like paper clips that can scratch the exterior of your School-issued laptop. Static electricity may develop in the bag during the cold, dry winter months, and a simple solution to reduce this problem and to keep your bag smelling fresher is to put a dryer sheet in your bag.

### **School-Issued Laptop Damages and Care**

If a School-issued laptop is damaged the school needs to be notified immediately. If a student damages a laptop, the student/student’s family is responsible for paying repair costs according to the Cooperative Loss Agreement. If a laptop is intentionally damaged, judged by the administration to be intentionally damaged, or is severely damaged due to the student’s negligent or irresponsible behavior, the student will be responsible for paying the entire cost of repair or replacement. A student who does not have a School-issued laptop at the time due to a School- issued laptop being damaged accidentally will be allowed to use a School- issued laptop from school and be allowed to take it home.

### **School-Issued Laptop Problems**

It is always a student's responsibility to maintain a 100% working laptop . If the student's School-issued laptop is not working properly, the student needs to take the School-issued laptop to the Technology Office. If the School-issued laptop cannot be fixed immediately, the student will be issued a different School-issued laptop to use on a temporary basis. Do not attempt to remove or change the physical structure of the School-issued laptop, including keys, screen cover or plastic casing. Doing so will void the warranty, and the student/family will be responsible for 100% of the repair or replacement cost.

### **Damage Fees**

Students and families are financially responsible for a fine (payable to GRPS) for damage to the school-issued laptop. Students who accumulate a third occurrence of damage to the school-issued laptop will no longer receive a school-issued device.

### **Electronic Recording Capabilities**

Any electronic recordings obtained with the device must be for instructional/educational purposes only. Students must obtain prior approval from a staff member in order to use the audio, image or video recording capabilities of the device. Students should ask all individuals being recorded for their permission before starting the recording. No recording should start without the permission of all the individuals being recorded. In addition, electronic recordings obtained with the device may not be shared, published or re-broadcasted for any reason by the student without obtaining the permission of the district and all individuals present in the recording. Furthermore, students should be aware that State and Federal laws in many instances prohibit secret or recording undertaken without the knowledge and consent of the person or persons being recorded. Violations of State and Federal recording laws will be reported to the proper authorities and may result in criminal prosecution.

### **Laptop Care Reminders**

Keep your School-issued laptop in a safe place. The School-issued laptop bag, with the School-issued laptop and other equipment, must be stored in a safe place (lockers at school during non-class times). Do not leave the School-issued laptop on the floor where it might be stepped on or within reach of small children or pets. Don't leave it in a car or anywhere it might be exposed to extreme temperatures. Laptops left in bags in unattended classrooms or other areas are considered "unattended" and may be confiscated by faculty or staff as a protection against theft. If confiscated, the student will receive a warning before getting the laptop back. If the laptop is confiscated a second time, the student may be required to get a parent signature acknowledging financial responsibility before getting the laptop back, along with other potential appropriate consequences. Unattended and unlocked equipment, if stolen – including at school – will be the student's responsibility. Exposure to liquids will severely damage a laptop and will result in large repair costs. Water, soda, juice, power drinks, coffee, etc. will all ruin your School-issued laptop completely. Keep your friends' food and liquid away from your laptop. Open cans of soda and cups of coffee (even those with lids) are especially dangerous. Do not put a bottle of water/soda/etc. in your backpack with your laptop, even if it is sealed.

### **Loss Fees**

Students and families are financially responsible for full reimbursement (payable to GRPS) for the loss of the school- issued laptop.

### **Only One User**

Do not allow anyone else to use your School-issued laptop other than your parent or guardian. Loss or damage that occurs when anyone else is using it will be your responsibility.

### **Privacy**

The Administration reserves the rights to examine, restrict, or remove electronic data from devices assigned to students. Students and their parent/guardians understand the assigned device may record or

collect information on the student's activity or the student's use of the device. Students and parents/guardians further understand that all communication sent or received while connected to a GRPS network infrastructure and services can potentially be recorded and archived. The District reserves the right to share any of such archived records with law enforcement authorities if deemed appropriate by the District. In addition, the District reserves the right to use the geolocation features of the device to track its location in case it is lost or stolen. The District shall not use any of the recording or geolocation capabilities of the device in a manner that would violate the privacy rights of the student or any individual residing with the student.

### **Software and Applications**

Students are allowed to install software ("apps") on the device. GRPS reserves the right to audit and remove any software in the student assigned device at any time. Students and parents/guardians understand that the Technology department may require the installation of software that will have access to personal information stored in the student assigned device (e.g. Mobile Device Management software). Students and their parents/guardians agree to install and not to tamper with any software the Technology Department requires in the student assigned device. Furthermore, students and their parents/guardians agree not to unlock locked-out features, gain elevated access, or replace the operating system provided with the device.

### **Student Access to Internet**

At school, students will have access to the Internet through the school server. When not at school students can access the Internet if they have Internet access available to them in their home or other locations. The security system of the school will also be in place when students access the Internet outside of the school. Therefore, sites that are "blocked" at school will also be "blocked" in all other locations where students access the Internet. Parents are recommended to monitor their student's time on the School-issued laptop along with their activities on the School-issued laptop during their 24/7 access at home.

### **Students Access & Monitoring**

Ultimately, the School-issued laptop is the property of the school, and the school has the right to determine what is appropriate and to search the School-issued laptop if necessary at any time. The district's website monitoring software that allows the district to block websites which are inappropriate for students whether they are accessing the web via the district wireless network or if they are connected to the Internet in their homes. This software also includes screen monitoring which allows school employees or classroom teachers to monitor multiple student laptop screens at one time. Students who access inappropriate sites during the school day or are accessing sites that are not related to the class that they are in will face disciplinary action from the teacher and/or the administration.

### **Student Use in Classrooms**

Students will be required to take their School-issued laptop to each classroom each day, unless told differently by the teacher for that specific day. Teachers may request at any time for students to shut their School- issued laptops.

### **LATENESS**

Lateness to school or class shall be treated within the guidelines of the regular disciplinary code of the school. The Assistant Principal may place the student under whatever appropriate restrictions necessary to improve the student's sense of responsibility. A student who arrives later than 20 minutes to class or school will be considered absent from that specific class. Students arriving late to class must remain in the class. Students who leave or cut class will be denied an attendance appeal. Please see the expectations for student behavior and consequences for inappropriate behavior section to review the consequences for lateness.

Students arriving after 7:50am must report immediately to the Hamilton Lobby. The tardy student will receive a Kiosk Pass, which must be shown to the faculty on demand. All students arriving late are subject to the school's progressive disciplinary policy (see below). Students are discouraged from missing school for medical appointments. When no other option is available, students must bring in a doctor's note verifying the appointment. Such notes will be used to excuse a late for disciplinary purposes only and do not excuse an absence. A student who is late to school and does not sign in properly will be subject to the school's progressive discipline policy for insubordination.

### **LOCKERS/LOCKER ASSIGNMENTS**

Every student has been assigned a locker and will be provided with a school- issued lock except when the school is operating under a Hybrid Schedule or Remote Instruction Schedule. Only school-issued locks are permitted on any school locker. Students are not permitted to arbitrarily change their lockers or to share with another student. Students who are found to be in violation will be assigned disciplinary consequences. Students will be responsible to pay a replacement fee at the conclusion of the school year for lost or damaged locks. Physical education locks are issued to every student. Student lockers (corridor and physical education) are the property of the board of education and are on loan to the students. Although the US Constitution protects all citizens against unreasonable search and seizure, the courts have consistently ruled that school officials have the responsibility to protect all students and have the right to search school lockers.

School lockers are to be used to store school-related materials and items of personal dress. No flammable or explosive materials, alcoholic beverages, drugs or any dangerous substances or articles are to be kept in any locker. Violators are liable to immediate suspension from school. No graffiti or other material is permitted on any locker. The occupant of a locker is responsible for the removal of graffiti and other objectionable material. Students and their parents are liable for damage to any school locker. Students should report any locker problems to the Assistant Principal.

### **LOST AND FOUND**

The area outside the cafeteria is designated for lost and found articles. Anyone who finds a lost or misplaced article should bring it to this area as soon as possible. If lost and found articles are not claimed within a reasonable amount of time, they will be discarded. **NOTE: The school will not be held responsible for stolen articles.**

### **MEDICATIONS**

Should your child be required to take medication during school hours, you will need to provide the following to a school nurse:

For a Prescription medication

- A written order from the child's doctor indicating the name of the drug, the exact dosage, the time schedule for administration and the diagnosis of the condition for which the medication has been prescribed. Forms may be obtained from the school nurse.
- Written permission from the parent/guardian to administer the medication.
- The medication in its original container labeled with the student's name, name of the medication, dosage, and its expiration date.
- Any medical equipment needed to administer the medication such as nebulizer tubing, insulin syringes, blood glucose testing strips, etc.

For an Over the Counter (OTC) medication

- Please note that written orders from the student's doctor are necessary for over-the-counter medications such as acetaminophen and ibuprofen. These medications also need to be provided for the student, as the school does not stock these medications.

Medications, along with written orders by the doctor, should be brought to the school nurse's office on the first day of school, or as soon as the medication is prescribed during the school year. Medications must be brought to school by a parent or guardian. Unused medication and/or supplies must be picked up by the parent/guardian on the last day of the school year. Medications which have been prescribed as a self-administered medication may be sent home with the student provided that the end of the year letter authorizing such is returned to the school nurse. If the parent/guardian does not pick up the medication on the last day of school, the school nurse will properly dispose of any medication left in the Health Office.

### **NATIONAL HONOR SOCIETY**

The National Honor Society is composed of sophomores, juniors, and seniors who have distinguished themselves as scholars and citizens. All candidates must have achieved a cumulative weighted grade point average of at least 3.75. Also, they must have demonstrated leadership and service through participation in school, community, county, or state activities. All teachers are given the opportunity to comment upon the character of each candidate. The teachers will also discuss the scholarship, leadership, and service traits of each student. The National Honor Society Advisor and Committee will review the information and approve the membership of each student requesting membership.

Students selected must attend the Induction Ceremony and are expected to maintain the qualities required for membership during their high school career. During the school year the faculty and administration will continue to review National Honor Society guidelines and constitution. "Membership in the NHS is a privilege not a right."

### **OPTION TIME**

Within the structure of our schedule, students who select 35 or 37.5 credits can have option time. The program of these students includes: English, social studies, math, science, world language or business, physical education and health, one elective and option time. During option time students must report to an assigned study center at the start of the period. After reporting to option students with the appropriate pass may sign out to the media center, a departmental lab, a computer room, this is provided that the option center teacher gives his/her permission. In order to go to guidance to see their counselor or to go to an individual teacher's conference area for extra help the **student must have prior permission** from that counselor or teacher and present it to the option teacher at the start of the option time period.

### **ORDER OUT FOR LUNCH**

The Board of Education has a food service provider, offering a healthy and full menu will. Students are not permitted to order lunches from outside vendors for delivery to the high school.

### **OUT OF SCHOOL CONDUCT**

The Building Principal or designee has the right to impose a consequence on a student for conduct away from school grounds pursuant to N.J.A.C. 6A:16-7.6. This authority shall be exercised only when it is reasonably necessary for our student's physical or emotional safety, security, and well-being or for reasons relating to the safety, security, and well-being of other students, staff, or school grounds, pursuant to N.J.S.A. 18A:25- 2 and 18A:37-2 or when the conduct which is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school.

### **PLAGIARISM/CHEATING**

Plagiarism, the use of another's words or ideas as if they were one's own without acknowledgment of their source, whether it be from print sources or from the Internet, is not permissible. Students are expected to be honest in all of their academic work. This means that they will not engage in any of the following acts:

- Cheating on examinations, including but not limited to, the non-authorized use of books or notes, the use of crib sheets, copying from other students' papers and exchanging information with other students orally, in writing, or by signals, obtaining copies of the examination illegally and other similar

activities.

- Plagiarism is not permitted in term papers, themes, essays, reports, images, take-home examinations, and other academic work. Plagiarism is defined as stealing or use without acknowledgment of the ideas, words, formulas, textual materials, on line services, computer programs, etc. of another person, or in any way presenting the work of another person as one's own.
- Falsifications, including forging signatures, altering answers after they have been graded, the insertion of answers after the fact, the erasure of grader's markings, and other acts that allow for falsely taking credit.
- Any students in collusion which results in defrauding the integrity of an assignment (sharing of one's own work with another).

A student found guilty of academic dishonesty may be subjected to a full range of penalties including, but not limited to, reprimand and loss of credit for all of the work that is plagiarized.

### **PLEDGE OF ALLEGIANCE**

Any student who has conscientious scruples against the pledge shall not be required to participate but should stand and show full respect while the pledge is being recited.

### **POLICE PRESENCE AT EXTRACURRICULAR ACTIVITIES**

The Superintendent/designee is hereby authorized to contact the appropriate law enforcement agency and arrange for the presence of officer(s) in the event of an emergency or when the Superintendent believes that uniformed police presence is necessary to deter illegal alcohol or drug use or trafficking, to maintain order, crowd or traffic control at a school function.

### **RESOLVING DISPUTES CONCERNING LAW ENFORCEMENT ACTIVITIES**

The Board authorizes the Superintendent to contact the Chief Executive Officer of the law enforcement agency involved with any dispute or objection to any proposed or ongoing law enforcement operation or activity on school property. If, for any reason, the dispute or objection is not satisfactorily resolved with the chief executive officer of the agency, the Superintendent shall work in conjunction with the County Prosecutor and, where appropriate, the Division of Criminal Justice to take appropriate steps to resolve the matter. Any dispute that cannot be resolved at the county level shall be reported to the Board and shall be resolved by the Attorney General whose decision will be binding.

### **PRIVATE TUTORING (BOE Policy 4138.2)**

Some children may need additional instruction beyond the regular classrooms. All teachers will provide these children with some individual instruction, after or before classes, when the need has been established. Tutorial instruction shall be interpreted to mean individualized instruction additional to, and in support of, such district provided instruction.

Tutoring includes, but is not limited to:

- Extra help in an academic subject
- Private coaching activities
- Private lessons in the arts

In certain cases, where extra help is desirable and the parents/guardians request such assistance, a teacher or administrator may recommend that the parents/guardians secure paid tutorial services for the student. When parents/guardians determine to employ a tutor, they will be encouraged to employ a tutor who does not teach in the school that the student or his/her siblings attend.

To avoid placing a teacher in a position where he/she may have a conflict of interest, teachers shall not tutor, for a fee, students enrolled in their classes or upon whose evaluation or assignment they may be called upon to pass. Nor shall any employee of the board make a commitment to perform services for extra pay when he/she has been instrumental in suggesting the need for those services.

## RELIGIOUS HOLIDAYS

According to N.J.S.A. 18A:36-14 through 16 and N.J.A.C. 6A:32-8.3(j) regarding student absence from school because of religious holidays, the Commissioner of Education, with the approval of the State Board of Education is charged with the responsibility of prescribing such rules and regulations as may be necessary to carry out the purpose of the law. The law provides that:

- Any student absent from school because of a religious holiday may not be deprived of any award or of eligibility or opportunity to compete for any award because of such absence.
- students who miss a test or examination because of absence on a religious holiday must be given the right to take an alternate test or examination.
- To be entitled to the privileges set forth above, the student must present a written excuse signed by a parent or person standing in place of a parent.
- Any absence because of a religious holiday must be recorded in the school register or in any group or class attendance record as an excused absence.
- Such absence must NOT be recorded on any transcript or application or employment form or any similar form.

This list can be found on the New Jersey Department of Education's website: [www.state.nj.us/education](http://www.state.nj.us/education).

## REPORT CARDS

Student grades can be viewed via the Parent Portal. Report cards are posted on the Parent Portal four times per year. Mid-markers will no longer be issued.

## SCHEDULE FOR HYBRID LEARNING PHASE

GRHS will institute an "A/B Rotational" Model when we are placed into a Hybrid Phase. Half of the students in each grade level will be designated "A-Day students" and half will be designated "B-Day students." Students will remain in their designated group. Siblings / same household children will be placed in the same group.

Student lunch will take place in the cafeteria. Three students can sit safely without a mask at each of our cafeteria tables (all facing one direction). The Courtyard and Gym spaces will still be available for students who are NOT eating if they'd like to socialize, do school work, etc.

During in-person school days, students will move throughout the school building and attend their classes. During the virtual day, students may be (not a comprehensive list): reading, completing extension activities or homework, participating in "live" instruction, or asynchronous activities. Virtual instruction activities will accumulate to no less than four (4) hours of engagement, the mandatory minimum set forth by NJDOE.

## SCHEDULE FOR REMOTE LEARNING PHASE

- **Monday, Tuesday, Thursday & Friday:** Students will follow their bell schedule as shown above and attend full days of classes. Activities will include both synchronous and asynchronous activities, including live instruction.
- **Wednesday:** Mid-week, students will participate in an "Academic Support" day, which will include independent learning activities, small group meetings, opportunities for wellness, and extensive teacher support sessions.

## SCHOOL CLOSING

If the superintendent determines that conditions warrant schools being closed for the entire day, sirens will sound at 8:00 and 9:00 a.m. Radio stations WCBS 880 AM and WINS 1010 AM will broadcast delayed opening or closing information between 6:00 and 8:00 a.m. Our reverse 911 system may also be employed.

## **SCHOOL RELATED ACTIVITIES**

### **Suggestions to parents regarding school events**

- Know the nature of the event (dance, concert, play, game, coffee house). Check the school calendar.
- Know the starting and closing times. Pick up or arrange pick up for your child at the closing time.
- Know the general rules and regulations of the school.
- Provide your child with an emergency telephone number where you can be reached if necessary.
- Cooperate with the school to ensure that your child has a pleasant experience.
- Discuss the event with your child to encourage responsible behavior.
- Volunteer to chaperone at evening events when possible.

### **Student Conduct**

- Regulations regarding dress may vary from time to time as styles change. Specific prohibitions will be spelled out by the administration as necessary. In general, expectations for dances are for semi-formal attire (i.e. shirt and tie for males, clearly not recreational style clothing). The proms are formal events and require formal attire.
- Students will be admitted to dances within 30 minutes of the official start time. They may not leave before the conclusion of the dance unless picked up by a parent.
- Student behavior shall be appropriate for a school activity. Students must be mindful that the laws of the state of New Jersey prohibit vandalism, bullying, trespassing and assault.
- Dangerous, overly athletic and inappropriate dances are prohibited (for example, moshing).
- Students shall conduct themselves in a respectful manner, recognizing the authority of the chaperones and supervisors.
- Drugs, alcohol and dangerous, controlled substances are strictly prohibited. Students may not attend any school activity under the influence of drugs and alcohol and may not bring drugs or alcohol to any school activity. (School board policy will be enforced).
- Smoking is not permitted anywhere on school grounds or off school property during a school sponsored activity.
- If a student wants to leave an event early he/she must receive permission from the administration in concert with the student's parents. A parent must come into the dance site and see a chaperone to sign a student out of the dance.

### **School Dances**

- The administration will notify the community in an appropriate manner regarding the conditions for each dance. This may include written notification to all parents explaining policies related to social events.
- Ticket Purchase: Students may purchase tickets only when showing a permission slip signed by the parent. The parental signature signifies that the parents understand and will enforce the rules by sending drug and alcohol free students to school events.
- Outside Apparel: A coat room will be provided and supervised. Students must leave their outside apparel in this area.
- Handbags: A girls' lounge area will be provided in which all handbags must be left with chaperones assigned to supervise that area. All backpacks must be checked with the chaperones.
- Guests: A student who wishes to bring a guest who is not a student of the Glen Rock Schools can only attend with special permission of an administrator.
- Students who are removed from school dances/activities for any disciplinary reason may be prohibited from attending future events (i.e., the holiday and homecoming dances, the junior and senior proms).
- Although this list of expectations does not cover all acts of misbehavior, any behavior that is destructive, disrespectful or inappropriate to community or school standards may be subject to the consequences established in the State recommended code of student behavior, policy of the Board of Education and/or other such consequences as judged appropriate by the administration.

### **Violations of Substance Abuse Policy During School Activities**

- Violations of the rules shall result in suspension from school from one to three days.

- When the student returns from the required suspension for violating the Board Policy 5131.6, the student must produce a medical certificate showing that the student has undergone a full drug/alcohol assessment and is drug and alcohol free.
- The student will be required to meet with the Student Assistance Counselor.
- Any contraband confiscated from the student at any school activity will be turned over to police authorities as required by law.

### **SEXUAL HARASSMENT**

Glen Rock Board of Education Policy 5020.1 states, "The Glen Rock Board of Education is committed to providing a learning and working environment where both sexes can learn and work together comfortably and productively, free from sexual harassment. Sexual harassment is illegal under both federal and state law, and will not be tolerated here." Cases of harassment should be reported to our Affirmative Action Officer, at 445-7700, extension 8949.

### **STUDENT ACTIVITY FEES**

The middle school/high school principals will post the activity fee forms for all middle and high school students on their respective web sites as well as on the athletic website. The activity fee is currently \$100.00 for each middle school student and \$200.00 for each high school student. At the beginning of the school year, the business administrator/designee will determine those students participating in the free and reduced lunch program who will be exempt from any activity fees. The BA/designee will notify all administrators which students are exempt. It is important to note that the board of education does not wish to create hardship on families who may not be able to afford the activity fee. Families experiencing further financial needs will be encouraged to contact the chief school administrator who will make a confidential determination of whether to waive all or part of the activity fee. The chief school administrator will notify the business administrator of any special circumstances. The chief school administrator's decision in this matter will be final.

All middle and high school students should submit completed forms and payment by September 30, but payment and forms will be accepted until after the first meeting of the extra-curricular activity. No student who has not paid will be allowed to participate.

Credit card payment and on-line completion of the form are preferred. Payment will also be accepted by check accompanied by the completed form and returned to the middle school principal, high school principal or athletic trainer.

## **STUDENT RECORDS**

The Family Educational Rights and Privacy Act of 1974, New Jersey Statutes and Administrative Code, and the Board of Education require the school district to notify parents/guardians each year of their rights under the law. Parents/guardians have certain rights regarding their child's education records and those rights are transferred to the student or former student who has reached the age of 18. According to the board of education policy and administrative guide, a complete set of state mandated records shall be kept for each student and include permitted information that contributes to the education, development and general well-being of the student. Guidelines also safeguard the private rights of students as individual citizens and limit access to the records. New Jersey Administrative Code 6:3-2.2(g) 6 requires local boards of education to accord educational, occupational and military recruiters' access to student directory information. Parents may request in writing to the chief school administrator that their child's name be omitted from the student information directory; adult students may make that request in their own behalf.

The board recognizes the rights of parents/guardians or adult students to examine, challenge, and, if necessary, to correct data and official records of the student as provided by N.J.S.A. 18A: 36-19 and N.J.A.C. 6:3-2.6. Parents/Guardians or adult students may request that a school correct records believed to be inaccurate or misleading. If the school refuses to change, delete, or add to the records, the parent/guardian or adult student must notify the superintendent of schools in writing and a review meeting will be held. If necessary, an appeal to the board of education or the commissioner of education may be made. A record of the appeal and the outcome shall be made part of the student's record.

Upon request of the parents/guardian or adult student, a record shall be reproduced, unless copyrighted, and the school district be reimbursed for the cost of reproduction according to the administrative guidelines. Upon graduation or permanent departure, a student from the school system, the parent(s) or adult student is entitled to a copy of the student's record upon written request.

In accordance with state regulations, the following mandated student records are maintained:

- Personal data that identifies each student enrolled in the school district. This data shall include the student's name, address, and date of birth, name of parent, citizenship and sex of the student. The district board of education is prohibited from recording the religious or political affiliation of the student and/or parent unless requested to do so in writing by the parent and/or student. The district is also prohibited from labeling the student illegitimate.
- Record of daily attendance.
- Descriptions of student progress according to the system of student evaluation used in the district. Grade level or other program assignments shall also be recorded.
- History and status of physical health compiled in accordance with State regulations, including results of any physical examinations given by qualified district employees.
- Records pursuant to rules and regulations regarding the education of educationally handicapped students.
- All other records required by the State Board of Education.
- The school district permits the following records to be maintained:
  - Observations and ratings by professional staff members
  - Test scores and samples of student work
  - Rank in class and academic honors
  - Co-curricular activities and achievements
  - Verified reports of serious or recurrent behavior patterns
  - Authenticated supplemental information provided by parents

## STUDENT ILLNESS

Students who become ill during the school day must report to the Nurse's Office. If the nurse determines a student is too ill to remain in school, she will telephone the student's parents/guardians and ask them to pick up the student. Underclass (grades 9-11) students will not be released unless a parent, guardian, or emergency contact can pick them up. Dismissal from the nurse's office does not excuse an absence. Students must not make this decision independently. Leaving school without permission constitutes truancy.

## STUDENT SEARCHES/RIGHT TO PRIVACY

Except as required by exigent circumstances, a request for the search of a student or a student's private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the student to the inspection. A search will be conducted by the Principal or Assistant Principal in the presence of the student and another administrator. Under no circumstances shall any student be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property. The Principal shall conduct a student search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the student or when the Principal has independent grounds to suspect the presence of an incriminating object. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

## STUDENT SUPPORT

- **School Counselors** – The School Counselors foster cooperation and teamwork among teachers, administrators and other specialists both within and outside the school in order to reduce problems and help individuals achieve their fullest potential. Counselors are good people to see if you have a question or difficulty and need assistance. If one of these people doesn't know the answer, he or she can generally find out. It may make students feel better to speak to these people more or less at the same time, but it is less energy-consuming to work with one person until it seems more help is needed.
- **Assistant Principal** – The Assistant Principal deals with many day-to-day questions, problems and concerns. The Assistant Principal works closely with teachers, guidance counselors and parents to ensure that everyone in the school community treats others with respect.
- **Principal** – A student may see the Principal about any matter. Because of the number of people he helps it is wise to begin with teachers, counselors or the Assistant Principal, if possible. Nonetheless, that should not prevent anyone from speaking with the Principal about a concern, suggestion, or problem.
- **Student Assistance Counselor (SAC)** – A student usually the Student Assistance Counselor if there is a serious difficulty affecting him/her or a friend, especially if it is drug or alcohol related. The SAC offers help with immediate problems and suggests long-term support, when necessary.

The staff and administration of Glen Rock High School believe that reading is fundamental to effective learning. Since many students participate in Honors and/or AP programs, their individual assignments are more extensive in order to meet the special requirements of the curriculum. All summer reading lists are posted on our school website. Reading lists are available to local bookstores. Books on the Summer Reading List may also be available in the Glen Rock Public Library and in the Media Center.
